The **Hepa Filter** guarantees maximum capacity to retain fine dust and micro particles of dirt that are sucked up by the Ariete 2763 Cordless 22V and 2767 22V Lithium electric broom. It is advisable to always carry out proper maintenance of the appliance and periodically replace the inlet and outlet filters.

The kit with the new and original Ariete replacement Hepa filters will always ensure the best performance in terms of suction of your Cordless electric broom and the safety of not dispersing the finest dust you have vacuumed into the house.

The replacement kit with Hepa filters also makes the air you breathe cleaner! The kit is compatible with the following electric brooms models:

- Ariete 2763 Cordless 22V
- Ariete 2767 22V Lithium
