The **1312 coffee machine** is a dedication to true espresso coffee lovers. Thanks to its body made entirely of stainless steel, it is also a real jewel, a **design object** to display in your kitchen. The refinement in the details, the perfection in functionality and the very high level of performance make this coffee machine indispensable for your awakenings, giving you a dense, fragrant and creamy coffee, better than that of the bar!

Thanks to the **integrated coffee grinder** you can grind **your favorite blend of coffee beans** directly at home, to always have fresh, fragrant and fragrant freshly ground coffee. You can choose the one you like best from the **11 degrees of grinding**, simply by turning the special knob that adjusts the fineness of the ground coffee powder. Experiment with different degrees of grind to give more or less strength to your espresso and find the perfect balance between taste, aroma and quality of the cream. The **digital display** that allows a clear and immediate interface, allows you to customize all coffees, milk-based drinks and even teas, by setting the

your profile on the display. This professional performance coffee machine also allows you to **adjust the amount of coffee powder** to be inserted into the filter (1 or 2 cups) and the right amount of water when dispensing the espresso.

Finally, with the **Maxi Cappuccino device**, you can also easily mount the milk to make an espresso or prepare a **creamy cappuccino** for your most complete breakfasts, but you can also dispense hot water in a few moments for **tea, infusions and herbal teas**. If you are short on time, but cannot give up the pleasure of a good coffee, you can use the Ariete 1312 coffee machine also with **ESE pods**. Just use the

special filter supplied for the paper coffee pods and enjoy your hot and creamy espresso.

Technology, design and quality together to offer all the pleasure of real Italian espresso!
