**Ariete's pizza oven** will be the ally in the kitchen of all pizza lovers. The product improves its performance with a **high quality refractory stone plate** with a diameter of 32cm that allows you to cook and / or heat pizza and focaccia at five cooking levels, up to a maximum temperature of 400 degrees. The refractory stone is equipped with a **transparent non-stick treatment** that makes cleaning the stone better as residues and oil are not absorbed by the stone itself.

**Fast cooking at high temperature** allows you to replicate the same method of wood-fired ovens and in just 4 minutes you get a perfect cooking for **homemade pizza**, and 2 minutes for frozen pizza. Enjoying pizza at home has never been so quick and easy. Seeing is believing!
